Honorable Mike Whitehead  
Chairman  
Board of County Commissioners  
Escambia County, Florida  
P.O. Box 1591  
Pensacola, Florida 32597

Commissioner Whitehead:

Please find attached my General Fund (001) budget submission for fiscal year 2008-2009 in the amount of \$79,053,845 in accordance with Florida Statutes Chapter 30.49. The appropriation is split into three activities: Law Enforcement (\$46,786,977), Court Security (\$1,838,598), and Detention (\$30,428,270). Additionally, funding is requested in accordance with PBA union contracts for a 3% cost of living adjustment in the amount of \$1,677,000, and \$550,000 for the full year funding of the prior year increase. We also respectfully request, as we have in the past several years, additional funding for 10 deputies in the amount of \$532,000.

This funding represents a savings to the taxpayer of approximately \$2 million as compared to the 2007-2008 fiscal year. This savings is comprised of the following:

- \$921,155 decrease in expenditure appropriation;
- \$936,000 increase in revenue and reimbursements generated by the Sheriff and transferred to the Board of County Commissioners;
- \$500,000 savings from outsourcing worker's compensation insurance for the Board of County Commissioners; and
- Agreement with the County to close Hood Drive precinct and sell property (\$275,000).

This budget request has recognized the direction of the taxpayers and a bottom up approach to savings. Personnel reductions have been accomplished through attrition to reduce the impact to employees. Significant increases in fuel costs and health care have also been reviewed and included in this request. All reductions have been made by centralizing functions without a reduction in service or law enforcement officers.

The period January 1, 2001 to the present has been a time of substantial accomplishments:

- Cost effectiveness and efficiencies recognized from outsourcing inmate food and medical services.
- Development of a technology plan.
- Planning and construction of the new Administration Building.
- Planning and Implementation of new Human Resource and Financial System.
- Absorption of Civil Service responsibilities.

- Development of Air Operations Unit.
- Development of Evidence Unit.
- Development of Crime Scene Unit.
- Centralization of Property and Finance functions.
- Training initiatives including MLK Institute for Non-violence and Character Focus programs.
- Development of community policing initiatives including Bicycle Patrol.
- Development of a Homeland Security Division.
- Development of a self supporting Disaster Response Unit funded by personal and business contributions.
- Development of Risk Management Division.
- Development of a Citizen's Law Enforcement Academy.
- Planning and implementation of a compensation and classification study.
- Planning and implementing the consolidation effort to clean up Brownsville.

This would not have been possible without the resources, dedication and teamwork of the Board of County Commissioners and members of the Sheriff's Office. As with any budget process, it is difficult to examine all enhancement requests, allocate limited resources and not decrease the current level of service. We have encountered several challenges in this process which include:

- Efficient use of resources including manpower and technology.
- Substantial increases in the anticipated cost of fuel.
- Costs of Inmate care.
- The cost of DROP (Deferred Retirement Optional Program).
- Long term debt of compensated absences.
- Loss of experienced senior staff from Retirement.
- Recruitment and retention of a quality workforce.
- Competitive starting salaries and benefits.

Examination of these challenges has produced opportunities for this Office and we will capitalize on these opportunities to further our goals and achieve our mission. In order for the Office to meet these challenges and the critical needs of the community, a long term vision of the Office and the services required by the community has been established and the focus of the goals and objectives will be to accomplish this mission. Strategies have been adopted that will allow the Sheriff to measure the effectiveness, efficiency, adaptability and resulting public satisfaction. These strategies include:

- Establishing core processes and key responsibilities to the public.
- Establishing core organizational values.
- Recruiting and retaining a quality workforce.
- Competency maintenance through Training.
- Competitive, market driven compensatory structure.
- Meritorious reward for the pursuit of excellence.
- Conducting the operations of the Office in a business like manner and continue to provide quality services.

The overall business plan is to link the strategic planning process and the budget to performance and economic incentives. In order to accomplish this, every employee must understand how success contributes to the organization. There must be commitment to the strategy and communication. This communication must cascade throughout the organization through the development of strategic goals and objectives. The keys to the success of the organization are commitment, consistency and communication.

Our budget has been developed with this philosophy. It represents a team effort to continue fulfilling our mission providing the highest, most efficient, quality of services to the constituents of Escambia County. Thank you for your continued support.

Respectfully Submitted,
